

WEEK 1
JESUS IS REAL
LUKE 1:1-4

Introduction

From Jesus' birth to what he taught, his miracles, his suffering and death for our sins, his resurrection from the dead, his going back up into heaven, and his coming again one day—everything the Bible says about Jesus is true. That's what Luke, a doctor, historian, and friend of the apostle Paul wanted his friend Theophilus to know and believe. That's why he so carefully put together his Gospel. Luke wasn't there to see all the things Jesus did and said, but he talked to people who did, and he studied what they wrote—people who followed Jesus, who believed in him, and who taught others about him.

Sermon Notes

Warm Up Question

- What do you believe about Jesus, and how do you know it's true?
- What does it mean to have certainty in something?

Application

- What are you most looking forward to as you study the Book of Luke?
- How are you like Theophilus, looking for certainty concerning the things you have been taught?
- Where in your life have you been called to be like Luke, testifying to the truth of Jesus?
- Talk about some of the things you know about Jesus. Make a list. Pick a couple of those things each day this week and see if you can find verses in the Bible that talk about them.
